

LET'S BUILD A BETTER EUROPE!

▶▶ DiEM25

Europe is worth it! / Europa se lo merita / Η Ευρώπη αξίζει / Evropa je vredna! / Europa ist es wert!
Európa megéri! / Europa meritò! / If it becomes a true Democracy! / Ulaya ina thamani yake! / ยุโรปคุ้มค่า!

EU=Peace!

Europe was always at war but now we have been living in peace for over 70 years! United in democracy it will stay this way.

Europe=Freedom!

Europeans enjoy the highest level of freedom in the world: of movement, speech, sexuality, of life. United in democracy, this can be even further improved.

Europe=Unity in Diversity

Our diversity of peoples, cultures and languages must be united by our common roots, mingled history and continental values.

EU=an Example for the World

Europe's ongoing peace and developing unity is that example. Let's not throw it away. Need to be convinced? See the video at the bottom of the page.

What if Europe... were a True Democracy?

DiEM25 wants to set right the 7 essential pillars

Transparency

In a democratic Europe, meetings and deals are public and transparent. Citizens can verify they are honestly represented and have the same power as companies.

Refugees & Migration

A Democratic EU that recognizes the richness of diversity will show solidarity and receive refugees openly. In fact, a democratic EU in search of global peace would not support war or weapons trade to begin with.

Economy - The European New Deal

For a democratic economy, Europe needs a New Deal! DiEM25 offers proposals for a better distribution of prosperity in Europe and solve the Euro crisis. See <https://diem25.org/end>

Future employment - Labour

The EU should be ready to update the definition of "work" for the 21st century with a chance for everyone to contribute to society, grow his/her talent and be rewarded for it, including by means of the Universal Basic Dividend.

Green investment

A Democratic EU will develop sustainable food projects, build solar and wind power plants, extend and transform transport networks, thus creating millions of jobs and leaving future generations a clean and healthy connected planet. Why? Because the citizens demand it.

Internet of People

In a democratic EU communications are free, access to knowledge is universal and shared, and users are safe and are not just degraded into mere merchandise for corporations.

Constitution

NOW is the moment to create a new Democratic Union, a social Union formed of, by and for Europeans! We have to move on and create this new DEMOCRATIC CONSTITUTION by 2025!

DiEM25: true Democracy by 2025!

We LOVE whistleblowers!

They take risks, often at the expense of their own futures, to inform us about dangerous hidden facts. We are honoured to have some of these modern heroes with us at DiEM25.
